

YEAR IN REVIEW

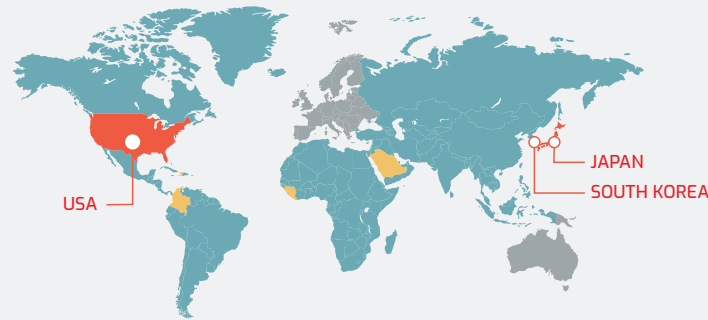

Eagle Global Scientific, LLC (EGS) is a certified 8(a) Alaska Native Corporation (ANC). We offer unparalleled, comprehensive public health emergency response, laboratory capacity and clinical surge support, and innovative data analytics technology for global public health crises. Our personnel range from industry leading Principal Investigators specializing in diagnostic assay development to mobile application developers creating real-time disease outbreak mobile trackers. EGS offers comprehensive public health services on a global scale in response to SARS-CoV-2 and other public health threats.

NEW PANDEMIC RESPONSE CONTRACTS

EGS works with multiple federal and military partners including the Centers for Disease Control and Prevention (CDC) and the U.S. Army. We have worked with over a dozen centers, offices, task forces, and teams at the CDC to directly support the mission against SARS-CoV-2. We provide laboratory surge support to Public Health Lab Pacific at two U.S. Army bases. EGS staff respond on a 24/7 basis to meet the needs of the public health community, the CDC, and the nation.

COVID-19 EMERGENCY RESPONSE

NEW PUBLICATIONS

INNOVATIVE TREATMENTS

A prime contractor for the U.S. Army's Program to provide convalescent plasma as an emergency treatment for COVID-19 (funded by Operation Warp Speed).

VIRTUAL HEALTHCARE

24/7 monitoring of and response to the CDC's Text Illness Monitoring System (TIMS) covering 1400 enrolled CDC staff.

LABORATORY SURGE SUPPORT

Deployed microbiologists and laboratory staff responsible for processing COVID-19 samples and providing quality control testing for kits.
